On this ____th day of _____, 2018, we received a NON-REFUNDABLE DEPOSIT of \$300.00 to reserve a BLACK/YELLOW/CHOCOLATE MALE puppy from _____ and _____. All puppies are sold on AKC LIMITED (NON-BREEDING) REGISTRATION. The total price of the dog is \$_____ and the balance of \$_____ is due at the time of pick-up.

GUARANTEE- HEALTH/HIPS

HEALTH

We offer puppies which we believe to be sound in mind and body, and free from genetic defects. We strive to breed for a well, rounded, sound dog. The puppy is to be taken to the vet within the first 3 days of purchase, for a check up to make sure you and your vet are comfortable with the puppy's health. If the puppy becomes ill within the first 3 days after it is picked up, the buyer is to inform us immediately. If the illness is related to our facility; **internal and external parasites such as fleas, worms, coccidia or giardia are not covered by this guarantee**, we will pay for the vet cost or the puppy may be returned and a replacement puppy of equal value will be given from a future litter. Vet coverage is not to exceed the purchase price of the dog. If the puppy is out of a 50 mile radius of our vet and requires medication for illness acquired at our facility, we will pay for the medication.

HIPS

Hip x-rays may be done as early as 5 months for a consultation/preliminary report. The x-ray **MUST** be submitted to:

Orthopedic Foundation for Animals
2300 E Nifong Boulevard
Columbia, Missouri, 65201-3806

If the dog receives a dysplastic rating, the buyer must send us a copy of the report. We welcome seeing copies of all reports, including passing scores in order to help us know the hip status of our breeding program. If the dog's hips receive a dysplastic score by 25 months of age, we will replace the dog with a puppy of equal price or credit towards a higher priced puppy from a future litter. Proof must be submitted to us that the dysplastic dog has been spayed or neutered. Transportation costs are the responsibility of the buyer. The buyer may retain ownership of the original dog if he chooses.

TO BE COVERED BY THE ABOVE GUARANTEE:

- The dog must have received veterinary care, vaccines and worming at regular intervals.
- The dog must have been kept at a healthy weight and in good physical condition during growth. Being overweight and lacking good muscle tone is stressful on developing joints and bones.
- The dog must not be neutered or spayed prior to 12 months of age.
- The puppy should be fed a high quality dog food. The guarantee applies only to the original buyer of the dog.
- The dog must not have produced any offspring.

Owning a dog is a lifelong commitment. If you should ever decide to relinquish ownership of the puppy/dog, we are to be notified and given the option to take the dog back to prevent it from ending up in a shelter or animal rescue. Your signature below indicates you understand if the puppy/dog is returned to us you will not be given a refund of the purchase price.
